### **Declaration of Conformity in accordance with the REACH Regulation**

Herewith, we confirm the conformity of our products and supplied assemblies in accordance with Regulation (EC) No. 1907/2006, including any amendments in force at the time of this declaration.

PROGRESSIO Feinblechtechnik GmbH develops and manufactures products made from high-precision sheet metal parts and assemblies of steel, stainless steel, and aluminum. Accordingly, our company is classified as a downstream user according to the definition. We adhere to the obligations outlined in the "ECHA Guidelines for Downstream Users."

Our products are classified as articles and therefore are not defined as substances or preparations. Obligations related to the manufacture and placing on the market of substances/chemicals for pre-registration and registration (ECHA) do not apply to us.

We are aware that under Article 33 (1) of the REACH Regulation, we are obligated to inform if a delivered product or individual components contain Substances of Very High Concern (SVHC) in a concentration of >0.1% by weight, as listed on the current SVHC Candidate List at the time of this declaration. Should a substance from the Candidate List be present in one of our products above the applicable threshold, we will declare this substance.

Furthermore, under normal and foreseeable conditions of use, no substances are released from our products. We also confirm that we have fulfilled our obligations to obtain information, particularly by gathering information from our suppliers, with the necessary due diligence.

Kind regards

Dr. Matthias Maier  
PROGRESSIO Feinblechtechnik GmbH  
Managing Director
